# **JOCKEY WILSON** BARRED FOR LIFE

Summary Punishment Handed Him, With Jimmy Reid and Dollar John, for Frame-Up.

Saratoga, N. Y., August 18.-As was predicted, the stewards of the Jockey Club ruled off Jockey Wilson for life, barred former Jockey Jimmy Reid from all tracks and hafided out the same punishment to Dollar John Lemberg. This action was promulgated this evening after the officials came to a full decision on the matter.

This is the outgrowth of the investigation following Dollar John's claim that he was double crossed when Wilson rode home Niad to victory at Belmont Park when the understanding was that he was to pull the filly. The decision of the stewards is regarded as an indication of a sincere desire to promote cleaness in racing.

## Father and Brother Watch Doc Ayers Work

Roanoke, Va., August 18.—John D. Ayers and John E. Ayers, father and brother of Dr. Yancey Wyatt Ayers, the formidable pitcher for the Richmond team, came to Roanoke Sunday and witnessed the game between the Roanoke and Richmond clubs at the Fair Grounds. day was the first that the father and brother of the young pitcher have seen him play during his work with the Virginia League. It was with great interest that they sat in the box this afternoon and saw their kinsman pitch part of the ninth inning, when the game went to the Roanoke club through an error.

Mr. Ayers owns a 400-acre farm about eight miles east of Hillsville. For the past twenty yeas he has been a well-known cattle-raiser and buyer in his section. His eldest son, John, who accompanied him on his trip here, owns a 132-acre farm near that of his father's.

Asked if he was satisfied with his son making a baseball player of himself, the elder Mr. Ayers said he did not know enough about the baseball business to say. He said his son was young yet; only twenty-two, and that he expected to have him finish out his course in medicine at the Medical College of Virginia. Young Ayers has another year at college.

The father and son will leave for their home in Hillsville to-morrow

Charile Strain and Doc Ayers will, in all probability, be the selection, and at least an even break should be obtained. But one can never tell these days. Assuming that we break even to-day and that Roanoke wins to-morrow, we will face Petersburg for the week-end just two games ahead of Roanoke. Which is no idea at all of being comfortable regarding holding second place to the end of the romp.

# Collegians Play Charlottesville To-Day

After a most disappointing game Saturday, the Collegians promise "come back" this afternoon, when they face the Y. M. C. A. team of Charlottesville at Broad Street Park at 4:80 o'clock.

The Charlottesville team is one of the fastest amateur clubs in Virginia, and is sure to put up a classy article of ball. They have met and defeated some of the crack Valley teams this season, and already claim to-day's game. Although minus the services of their star, Douglas Neff, who re cently suffered a broken leg, they have with them several of Virginia's

best players, who will be seen in Richmond for the first time. The Collegians are keeping quiet and sawing wood. Their regular line-up will be in the field, with Clark or Blanton in the bex and Word behind the bat. Word is the batting sensation of the Capital City, League, having an average of over .550 for the season.

The management of the Collegians has gone to considerable expense to give Richmond this game, and it is hoped that a good crowd will turn out to encourage the boys.

be no doubt. Recent demonstrations here to express public approval of his declaration that he would submit to no meddling by an outside nation in his country's affairs settled this. It was intimated at the time that Huerta availed himself of the opportunity to use the patriotism of his countrymer further to strengthen his regime—and for no other purpose.

Another point, which is receiving grave consideration by thoughtful men in Mexico, is the manner in which this latest defiance will be received in Washington. Reports of speeches in Congress by antiadministration members, calling for a determined stand in Mexican affairs have reached here. That this party will be further strengthened by to-day's happening is admitted generally. It is also feared that

In all likelihood to-day's developments mean the end of any dealings with the Huerta officials.

Though there was much talk in official circles of lifting the embargo on arms and permitting the Constitutionalists to get the munitions of war with which they claim they can soon overthrow the Huerta administration, it is likely that such a policy will be carefully considered in the Senate before any action is taken.

carefully considered in the Senate before any action is taken.

The position taken by administration officials to-night was that the United States had done all that a friendly neighbor could do without actually using force. The only interest, it was pointed out, that the United States can have in Mexico is the protection of lives and property. Financial losses can be met by indemnities, it is believed here, and lives can best be protected by the withdrawal of Americans from the danger zone. To this end of-
